

The Adair County News.

VOLUME XII

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, JULY 7, 1909.

NUMBER 35

Monticello Outclassed by Columbia.

The Monticello Base ball Team is composed of elegant young men, and word had reached Columbia that they were successful players, having defeated Somerset, Burnside and other fast clubs in South Eastern Kentucky. Upon this reputation Mr. R. H. Durham, manager of the Columbia Team, arranged with Monticello for three games, and last Thursday afternoon the aggregation from the little oil city arrived. Friday they seemed to be in fine trim, but our boys did not look scared, and were ready for the umpire to say "play ball."

The first game was called at 3 o'clock, but from start to finish Columbia had a walkover, the game closing 22 to nothing. Monticello took its defeat hard, but the manager announced that his boys were tired from the long ride here, and that they would do better the next day. The first game on Saturday was called at 10 a. m. It closed 9 to 2 in favor of Columbia. The third game was called at three o'clock in the afternoon, all the Monticello boys present, saying that they felt like winners. The result of the game was 13 to 3 in favor of Columbia. In the three games Columbia made 44 scores easy and Monticello made 5.

Sunday morning the visitors left for their home, glad that they had visited Columbia, but sorry that they had met with such signal defeats.

NOTES.

Young, Holladay and Judd did great pitching.

Dohoney, Moore, Frazier, Callison, Hindman and Rosenfield played their respective positions almost perfect. Rosenbaum played a few innings and showed up well.

Mr. Tim Cravens, this place, Mr. Forest Walster, Monticello, and Mr. E. G. Atkins umpired to the satisfaction of both clubs.

The following is the tabulated score by innings of the three games:

FRIDAY'S GAME.										
Columbia	Frazier 2b	Dohoney lf	R. Judd cf	Holladay ss	Callison 3b	Hindman 1b	Moore rf	Rosenfield c	Young p

Three base hit, Frazier. Two base hits Callison 2, T. Judd, Frazier, Francis and Bertram. Sacrifice hits, Moore and Francis. Struck out by Judd 9, by Bertram 1, Ingram 1, Huffaker 3. Hit by pitcher by Judd 1. Base on balls off Judd 3, off Bertram 2, off Ingram 1. Stolen bases, Dohoney 2, Callison 2, R. Judd 2, Moore, W. Ingram and G. Bertram left on base. Columbia 12, Monticello 8. Double plays, R. Judd to Hindman, Huffaker to B. Bertram. Umpire, Cravens.

Two Good Games.

Greensburg played Springfield two good games, on the grounds of the latter, last Monday. In the first the score stood 7 to 1 in favor of Greensburg. The second was one of the best that has been played in the State by amateurs. The score stood 1 to 0 in favor of Springfield. Greensburg only got one hit off Schuster in the latter game and that was made by Romie Judd, of Columbia Team, who was playing for Greensburg. The other two members of Columbia Club, who assisted Greensburg—Tom Judd and Bingham Moore, acquitted themselves well.

Lost key at this office.

The manager of the Columbia Baseball Team, Mr. R. H. Durham, has succeeded in organizing a fine club, boys who go in to win. It takes money to pay expenses and it is hoped that large crowds will attend the meets for this week, Friday and Saturday.

In order to inspire greater efforts on the part of the pupils of the Lindsey-Wilson Training School, in every department of the school life Rev. A. R. Kasey offered three gold medals, one in the Training School department, one in the Normal department and one in the Athletics. The latter was won by Tom Judd on the Annual Field Day, held in May. The highest average grade in the Training School department was made by, and the medal will be presented to Mont R. Gabbert, of Casey's Creek. The highest grade in a county examination in May, made by a L. W. T. S. pupil, was made by, and the medal for the Normal department will be presented to Miss Pearl Breeding, of Vester, Ky.

Death of an Excellent Citizen.

Mr. William P. Chelf, who was one of the best citizens of the Casey's Creek section, this county, died in Louisville last Friday and his remains were brought home and buried Sunday. He went to Louisville in company with Dr. J. C. Gose and submitted to an operation, dying in a few hours after he went under the knife.

He was sixty-six years old, a devoted member of the Christian Church, and was ready for the Master's call. He was a man of honor and influence and his passing removes a citizen who will be greatly missed, one whose memory will long linger in the minds of those who knew him best. He leaves a wife and eight children in comfortable circumstances. The funeral services were conducted by Eld. Z. T. Williams, a large circle of relatives and friends being present. The News extends its sympathy to the wife and children.

The Sunday-School Convention at Glenville last Saturday was highly enjoyed by the many present. The Glenville people are noted for their hospitality, and there was dinner on the ground for every body. Short addresses were made by fifteen or twenty persons, each speaker giving his idea as to how to conduct a Sunday-School, and telling the great good that is being accomplished in the work.

Dr. James Triplett purchased, last week, of Mrs. Margaret Tucker, the residence on Burkesville street, known as the H. G. Atkins' property, for \$1,050.

THE LINDSEY-WILSON.

Valuable and Necessary Improvements to be Made on the Hill, The Work to be Pushed.

CONTRACT FOR BRICK WORK LET.

The Educational Board of The Louisville Conference will make some valuable improvements on the Lindsey-Wilson Hill which will be of great worth to the school and add much to the comfort and convenience of the many who occupy the dormitories.

A contract has been let to Lonnie Simms to do the brick work and to W. T. McFarland the stone work on an addition to the girls dormitory to be built thirty-four feet wide, fifty-four long and two stories high with full basement. The basement will be made of stone and the walls of the building of brick. The first floor will be used for kitchen and dining room, the former being fourteen by thirty-four feet, thus leaving a dining hall thirty-four by forty feet.

In the basement a steam heating plant will be placed and will be large enough to heat the College building when the furnace fails to meet the demands. On the second floor will be nine rooms for girls which will aid in relieving the crowded condition during the winter months when that building is heavily taxed with young lady students. The addition will be so constructed as to add to the appearance of the building and to leave it to again be added to and maintain the most modern form of boarding hall. We are informed that the Board contemplates such a move when the necessities of the school demand it.

The present dining hall will be used for a gymnasium building and such equipments as are necessary for muscle development will be added at an early day. The two dormitories used by the young men will also have attention. The Board will almost reconstruct them double ceiling and flooring, them using corrugated paper to deaden sound, thus giving the occupants of every room quiet, as well as warm quarters. These two buildings will be heated by a furnace and the sheet-iron stoves will all disappear from them. Messrs. Neilson and Moss assumes the responsibility of raising a fund sufficient to pay for the furnace, while the Board foots all the other expense, reaching \$8000.

The necessity for an even temperature in the dormitories has been thoroughly felt by the experience of the last two or three years with sheet-iron stoves and the many colds and cases of pneumonia will not be so common when the chilly days of winter come. In assuming the cost of putting in the furnace Messrs. Neilson and Moss did so, fully believing that the many friends of the Lindsey-Wilson will come to their relief in the matter and not let the entire burden rest on them. The Board would have passed this much needed improvement but for the pluck and progressiveness of these gentlemen who have the comfort and well being of every student at heart and have volunteered to shoulder at least five hundred dollars worth of improvements.

The people ought to come to their rescue by good contributions. A few dollars from a few people will make the amount needed. That the Educational Board has greater improvements for this institution and that the school has greater service and worth for this part of the State can not be doubted. It is also apparent that the Board means to back up the men in charge as truly as the people who patronize the school appreciate their service. They are the right men in the right place and are doing a work—building a school and advancing this section, that will live long after they have passed from the walks of life.

Here's hoping that the future of The Lindsey-Wilson may continue in its rapid, permanent advancement and to aid it in so doing seven entries from the old plantation await its opening in September.

The Lindsey-Wilson campus should be alive with humanity next Friday and Saturday.

There was a family reunion at the home of Mr. and Mrs. J. S. Breeding, this place, last Sunday. A sumptuous dinner was spread, and the day very much enjoyed. Besides Mr. and Mrs. Breeding and the smaller children there were present, Mr. Cassius Breeding and wife, Neatsburg; Mr. Chas. Pyle and wife, Hustonville; Mr. Tom Holladay, wife and baby, of near this place, and Mr. J. M. Reed and wife, of Columbia.

Get your work up and be ready to witness the great games on the Lindsey-Wilson campus next Friday and Saturday—Liberty against Columbia.

The Educational Meeting.

A large audience was at the courthouse last Wednesday evening to hear Prof. J. L. Harmon, of the Bowling Green Business College, and Mr. T. B. McGregory, Assistant Attorney General of the State, who were here to speak upon advanced education and to show the standing of Kentucky in point of education with other States throughout the union. They presented some startling figures, and gave many potent reasons why this Commonwealth, especially the people, should take more interest in education. This State pays four dollars annually for the education of every child in it of school age, but the trouble is that a large per cent of them are out of school. The addresses of both gentlemen were highly entertaining, and a great deal of valuable information was gathered from them. In point of illiteracy Kentucky stands almost at the bottom of the list, yet it pays more money than almost any other State for school purposes. These gentlemen presented remedies, and it is hoped that their suggestions will prove of much value. While Adair county, like many other counties in the State, is taxed for school purposes, in the long run, it does not pay a cent. The State pays back more than it receives.

Did it ever occur to you that this everlasting grumbling about the weather was a sin? God sends the rain and the sunshine in his own good time. We are taught that He thinks just as much of his earthly children as he does of his heavenly children. That being a fact he knows our needs, and His business is never neglected. You grumble because you think too much rain is falling, when doubtless it was sent for a necessary purpose, perhaps to cleanse the earth of filth, driving away causes for sickness, etc.

Judge T. A. Murrell and Prof. N. W. Miller have formed a partnership in the insurance business. Prof. Miller, who is well-known here, but who has been living in Madisonville for several years, arrived last Saturday, in company with his wife, and Columbia will be their permanent home. Prof. Miller is an experienced insurance man, and the firm expects to push the business for all there is in it. It goes without saying that the people of Columbia are glad that Prof. Miller and wife are residents of the city.

A resident of Gradyville, who was in Columbia a few days ago, stated that in his section of the county the finest wheat crop for many years was harvested, and that the prospect for corn was extra good. The rain set the farmers back a week or two with their work, but when the warm days came, drying the ground, the corn fields were soon put in good condition, and at this time you can almost see it growing.

Fred Chapman, who has been employed by the V. M. Gowdy Grocery Company, has accepted a position with the Paull Drug Company. He is a young man with correct habits and is very attentive to business. He will be pleased to see his friends in the establishment where he is now employed.

FOR SALE:—Stock of drugs and fixtures—an old established trade in a good town of 1500 inhabitants. Can be bought at a bargain price. Owner dead and stock must be sold to settle estate. For particulars address Mrs. Mary D. Bass, Campbellsville, Ky.

The picnic at Roley last Saturday was largely attended, and the day was very delightfully spent. Good music, good order. The most interesting feature was a baseball game between the Atterson Tigers and the Roley Wildcats. The game closed 10 to nothing in favor of the Wildcats.

The Mrs. Bassett, Miss Sallie Williams, Miss Ella Todd, Miss Mulholland, Miss Ostander, Miss Lena Todd; Messrs. Golan Butler and Robt. Todd, visited Todd's Cave last Thursday afternoon, explored the Cavern and took tea. Quite an enjoyable time was spent.

The picnic at the Fair Grounds, Russell Springs, last Saturday was largely attended, every body spending a delightful day. The music rendered by the Russell Springs Band was delightful and highly appreciated. Good order prevailed throughout the day.

If you want a privilege at The Columbia Fair call on the executive committee, composed of R. F. Paull, J. H. Young and Allen Walker.

The Caskey farm containing 114 acres located above Roley, Ky., was sold by the Master Commissioner last week for \$1,950, G. R. Scott being the purchaser.

The indications point to a large corn crop throughout Adair county. In the bottoms the crop may not be up to the average, but it will be good.

Death of Mrs. Bettie Tupman.

Death invaded the home of Mr. Joseph Tupman, last Wednesday afternoon, who lives one mile from Columbia, on the Campbellsville pike, and removed his estimable wife.

The deceased was a daughter of Mr. and Mrs. James Curd, who died twelve or fifteen years ago. Mrs. Tupman was about forty-two years old, and she was born in Calloway county, but reared near this place. She was a member of an excellent family, and a lady of high Christian character, having been a devoted member of the Baptist Church for a number of years. When in health she was a regular attendant upon Sunday-School and Church services.

About ten years ago she was married to Mr. Joseph Tupman, and to them three children were born, neither of whom are living. The last child was born about two weeks ago. Serious sickness set up after the birth of the last infant, which lived but a short time, and the death of the mother followed.

Besides the surviving husband, the deceased leaves a little girl she had taken from the orphan asylum to rear, three sisters, Mrs. Poore and Mrs. Sage, of Paducah, and Mrs. Carter, of New Mexico, and one brother, Dr. T. H. Curd, of Middlesboro, and many relatives, who keenly feel their loss.

The funeral services were conducted by her pastor, Rev. L. T. Reeves, at the Baptist Church Thursday afternoon at 4:30 o'clock, a large congregation being present. The interment was in the city cemetery. There were many beautiful flowers.

The Liberty baseball team will play Columbia on the Lindsey-Wilson diamond next Friday and Saturday. The Liberty club has been very successful this season, not meeting a defeat. Last Saturday it played a club in Carthage, Ohio. Every body should witness these games. People out of town are urged to attend.

Wanted 100 Men.

I want one hundred men to work on the pike from Greensburg to the Adair county line, beginning the 2nd Monday in July. Will pay \$1.25 per day.

J. A. Dulworth,
Camp Knox, Ky.

W. R. Lyon Meets With an Accident

Mr. W. R. Lyon, the well-known traveling salesman, is a little sore on account of an accident which befell him last Thursday. He was driving a double team and was in the Pellyton section. One of his horses became a little unruly and he was struck a keen cut with the whip. At this the horse became angry and commenced kicking, and in doing so, he got one of his legs over the double tree which threw him, Mr. Lyon jumped from the buggy, and at this juncture the animal got up and the team started in a run. Mr. Lyon held to the lines, but he was dragged thirty or forty yards and was considerably bruised about the legs and body. He reached Columbia about dark in very good shape, en route for his home, and in a few days he will feel no bad effects from the accident.

Liberty has won two shut out games this season, one being the strong Hustonville team, the score standing three to nothing. Come and see if they can shut out Columbia. They will never do it. Next Friday and Saturday.

There have been fewer idle colored men about Columbia this Spring and Summer than we have known for many years. They all seem to have regular engagements. It was with great difficulty that help was secured to work the gardens about town.

Mr. W. R. Myers transferred his one-half interest in the column factory, purchased of Mr. Ray Conover, to Mr. W. D. Frazier.

The Columbia Brass Band has been employed to make the music for the Columbia Fair. The manager has ordered quite a number of new pieces of music and the band is practicing every night. People who will attend the fair are assured that they will be entertained so far as first-class music is concerned.

The V. M. Gowdy Grocery Company will be discontinued at this place and the stock will be removed to Campbellsville from the first to the 15th of August. The reason for this decision is, that Prof. A. H. Ballard, who is connected with the corporation, tendered his resignation a short time ago, and it seems impossible for the company to get a man to fill his place.

Miss Estelle Willis, who has the reputation of being one of the best lady instructors in Adair county, will teach at Breeding.

Patriotic Services.

Last Sunday was Independence Day and the spirit of patriotism was in the hearts of the people of Columbia. It had been announced for a week that patriotic services would be held at the Presbyterian church. Committees were appointed to arrange a program, decorate the church, etc., and by 11 o'clock the building was well filled. At the entrance a large flag, the stars and stripes, was hung and the interior of the building was fairly covered with smaller flags.

Mr. E. W. Reed was master of ceremonies. The program was opened with song service after which there was a prayer by Rev. A. R. Kasey, followed by a song. Then came Mr. Kasey's address, his subject being "Patriotism," which he read. It had been carefully written and it was impressively given to the audience. It was a historical production of past events, and it was especially edifying. A song followed, then an address by Judge H. C. Baker, who spoke for thirty minutes, entertaining his hearers with facts and figures, clothed in most beautiful language. He paid a high tribute to the men who wrote the constitution of the United States, and also Thomas Jefferson, the author of the Declaration of Independence. He spoke of the rapid growth of this country from a colony of thirteen States to its present magnitude, praising God for making this a nation, the most powerful in the world. He recited the many great achievements, this country had accomplished, believing that the omnipotent hand of God had been with this nation from the foundation of the government to the present time.

The program closed with benediction by Rev. Kasey, the people repairing to their respective homes, feeling glad that they had met to do honor to the greatest, the proudest country upon the globe.

Thanks are due Mrs. W. E. Bradshaw, the organist, and the choir, and also the committee who handsomely decorated the church.
